

Working with the Autism Spectrum (Advanced Course) - One Day

Who should attend this one day course

Staff at all levels working with clients with Autism Spectrum Disorders in any setting

Introducing Faiers Training

Nigel Faiers uses twenty-three years of experience in the care & support sector to deliver training that is both professional & practical. Richard Maguire offers a view from both sides of the fence as someone living with Aspergers Syndrome and a professional working with clients with Autism and training those who support them

COURSE OVERVIEW

The morning session will expand your knowledge of the Autism Spectrum and explore the relationship with many other conditions. The afternoon explores how we can apply our understanding to effective communication & comfortable, peaceful and level headed support.

COURSE CONTENTS

- **Recap on the key features of the Autism Spectrum** (including the Triad of Impairment and Sensory issues)
- **Developing our understanding of the Autism Spectrum** - including Culture of Autism, Co-Existing Conditions, Dyslexia, ADHD, Dyspraxia, Agnosias, Alexithymia, Body Disconnectivity, Sensory Overload & Sensory Comfort, Sensory Integration, Learning Disability and High Functioning Autism, Aspergers Syndrome, Mental Health, Education, Development and Employment
- **Support Strategies** - including Knowing your clients, how to develop strategies, being clear about the key goal for the client "How do we attain comfort?" (*Good free and easy relationships, purpose, hope, self esteem, physical needs met and good communication*)
- **Helping people on the Autism Spectrum to find the "Comfort" outlined above given the difference in "culture"**
- **Discovering the client's communication style**
- **Ensure practice builds on a model that is sensitive to the client's needs for comfort and peace** - including communication and support where "Less can sometimes be more"
