

NEEDS AND RISK ASSESSMENT AND SUPPORT PLANNING

Who Is The Course For?

- Managers and front line staff working with vulnerable adults or young people in any care or support setting
- Services in receipt of Supporting People funding needing to comply with the QAF or services registered with the Commission for Social Care Inspection
- Also services introducing risk assessment & support plans for the first time

Why Choose Faiers Training?

- Faiers Training uses eighteen years of experience in the care & support sector to deliver training that is both professional & practical
- Rather than deliver generic off the shelf courses, Faiers Training works closely with your organisation to tailor the course to your service. The course reinforces policies and procedures you already have in place and reflects the environment in which you operate.

COURSE CONTENTS

- **What is Needs & Risk Assessment?**
- **Every service and individual is different**
- **Balancing Safety & Happiness** (including: duty of care v independent living, using assessment tools, and putting the person at the centre)
- **Needs and Risk Assessment Models** (including: what needs to be included, questions to ask, communication with other organisations involved in the referral or ongoing package of support, recording, providing information on decisions & using your paper work)
- **Risk management plans** (including: grading the level of risk, identifying triggers, warning signs & control strategies)
- **Support Models** (including: Person centred planning, circles of support, outcomes focused planning, care programme approach etc)
- **How to use Support Plans** (including: What should go in them, how to maintain them, using them effectively, linking to risk management, work with other agencies, what should trigger their review, keeping the person at the centre & using your paper work)
